SUBJECT INDEX*

A

Abdomen
Mechanical factors in abdominal wound closure: Prevention of fascial dehiscence (Poole), 631
Ventricular sepsis and abdominally related complications in children with cerebrospinal fluid shunts (Rush et al), 420

Acid
Liver amino acids in sepsis (Roth et al), 436
Plasma amino acids in liver transplantation: Correlation with clinical outcome (Reilly et al), 263

Adenoma
Hemorrhage into hepatic adenoma and type Ia glycogen storage disease: Case report and review of literature (Fink, Appleman, Thompson), 117

Adenylate cyclase
Thyrotropin regulation of adenylate cyclase activity in human thyroid neoplasms (Clark and Gerend), 539

Adrenalectomy
Survival and causes of death after adrenalectomy for Cushing's disease (Welbourn), 16

Adult respiratory distress syndrome
Complement activation and clearance in acute illness and injury: Evidence for C5a as cell-directed mediator of adult respiratory distress syndrome in man (Solomkin et al), 668

Alanine
Assessment of alanine, urea, and glucose interrelationships in normal subjects and in patients with sepsis with stable isotopic tracers (Shaw, Klein, Wolfe), 557

Albumin
Energy intake can determine albumin synthesis in man after surgery (Skillman et al), 271

Allograft
Segmental pancreatic allograft survival in baboons treated with combined irradiation and cyclosporine: Preliminary report (du Toit et al), 447

Allopurinol
Beneficial effect of allopurinol in liver ischemia (Nordström, Seeman, Hasselgren), 679

Amaurosis fugax
Absent common carotid artery associated with amaurosis fugax: Case report (Halstuk, Littooy, Baker), 502
Bright-light amaurosis fugax: Unusual symptom of retinal hypoperfusion corrected by external carotid revascularization (Brigham et al), 363

Anastomosis
Healing of ischemic colonic anastomoses in rat: Role of antibiotic preparation (Cohen et al), 443
Intersecting staple lines in intestinal anastomoses (Ravitch), 8
Laser-assisted microvascular anastomoses: Angiographic and anatomopathologic studies on growing microvascular anastomoses: Preliminary report (Frazier et al), 585
New technique for ileoanal and coloanal anastomosis (Castrini, Pappalardo, Mobarhan), 111

Anatomopathology
Laser-assisted microvascular anastomoses: Angiographic and anatomopathologic studies on growing microvascular anastomoses: Preliminary report (Frazier et al), 585

Anesthesia
Influence of different anesthetic agents on release of cholecystokinin in dogs (Lilja et al), 415

Aneurysm
Aortopulmonary fistula in postcoartation mycotic aneurysm (DaValle, Krieger, Spencer), 93
Inferior mesenteric artery aneurysms (Graham et al), 158
Rupture after nonresective treatment of abdominal aortic aneurysms (letter) (Kwaan), 249
Saccular renal artery aneurysm as cause of hypertension (Youkey et al), 498

Angelchik
Endoscopic removal of intragastric Angelchik antireflux prosthesis (Schultz et al), 234

Angiography
Laser-assisted microvascular anastomoses: Angiographic and anatomopathologic studies on growing microvascular anastomoses: Preliminary report (Frazier et al), 585

Antibiotic
Healing of ischemic colonic anastomoses in rat: Role of antibiotic preparation (Cohen et al), 443
Prevention of catheter sepsis by antibiotic bonding (Trooskin et al), 547

Antithrombin III
Antithrombin III deficiency: Etiology of Budd-Chiari syndrome (Das and Carroll), 242

Anus
New technique for ileoanal and coloanal anastomosis (Castrini, Pappalardo, Mobarhan), 111
Potentiation of 1,2-dimethylhydrazine-induced anal carcinoma by epidermal growth factor in mice (Kingsnorth et al), 696

Aorta
Aortopulmonary fistula in postcoarctation mycotic aneurysm (DaValle, Krieger, Spencer), 93
Is paraplegia after repair of coarctation of aorta due principally to distal hypotension during aortic cross-clamping? (Krieger and Spencer), 2

Artery
Absent common carotid artery associated with amaurosis fugax: Case report (Halstuk, Littooy, Baker), 502
Combined segment arterial disease (Samson, Scher, Veith), 385
Iliac endarterectomy with crossover ileofemoral bypass grafting for bilateral iliac artery stenosis (Lawrence and Wiest), 621
Iliac-origin arterial graft: Useful alternative for iliac occlusive disease (Couch et al), 83
Inferior mesenteric artery aneurysms (Graham et al), 158
Normalization of local blood flow regulation in ischemic forefoot after arterial reconstruction (Eickhoff), 72
Perigraft seromas complicating arterial grafts (Blumenberg, Gelfand, Dale), 194
Revascularization of popliteal and below-knee arteries with polytetrafluoroethylene (Christenson et al), 141

*January, pp. 1-124; February, pp. 125-250; March, pp. 251-384; April, pp. 385-510; May, pp. 511-630; June, pp. 631-758.

Artery, contd.
Saccular renal artery aneurysm as cause of hypertension (Youkey et al), 498
Total occlusion of intracervical internal carotid artery secondary to vasculitis (Welling et al), 507
Autotransplantation
Renal autotransplantation versus bypass techniques for renovascular hypertension (Dubernard et al), 529

B

Bacteria
Peripheral lymph flow in sheep with bacterial peritonitis: Evidence for increased peripheral microvascular permeability accompanying systemic sepsis (Avila et al), 685
Biliary duct
New method for correlating pancreatic and biliary duct pressures and sphincter of Oddi electromyography (Coelho, Moody, Senninger), 342
Biliary tract
Treatment of proximal biliary tract carcinoma: Overview of techniques and results (Ottow, August, Sugarbaker), 251
Blood
Autologous blood predeposit for elective surgery: Program for better use and conservation of blood (Rebulla et al), 463
Perioperative blood transfusion has prognostic significance for breast cancer (Tartter et al), 225
Blood flow
Distribution of arterial blood flow in human hepatic cancer during chemotherapy—Examination by short-lived ^{81m}Kr (Sasaki et al), 409
Effect of somatostatin on central hemodynamics, renal blood flow, and renal function in dogs (Price, Jaffe, Zinner), 285
Normalization of local blood flow regulation in ischemic forefoot after arterial reconstruction (Eickhoff), 72
Bonding
Prevention of catheter sepsis by antibiotic bonding (Trooskin et al), 547
Breast
Rate of progression in breast cancer and disease-free interval (Charlson), 397
Vitamin E and benign breast "disease": Double-blind, randomized clinical trial (Ernster et al), 490
Breast cancer
Perioperative blood transfusion has prognostic significance for breast cancer (Tartter et al), 225
Budd-Chiari syndrome
Antithrombin III deficiency: Etiology of Budd-Chiari syndrome (Das and Carroll), 242
Burn
Postburn immunosuppression in animal model. III. Maintenance of normal splenic helper and suppressor lymphocyte subpopulations by immunomodulating drugs (Zapata-Sirvent and Hansbrough), 721
Button of Boerema
Treatment of bleeding esophageal varices by portoazygos disconnection and esophageal transection with button of Boerema and EEA stapler: Ten years' experience (Giordani et al), 649
Bypass
Comparison of axillounifemoral and axillobifemoral bypass operations (Ascer et al), 169
Iliac endarterectomy with crossover ileofemoral bypass grafting for bilateral iliac artery stenosis (Lawrence and Wiest), 621
Renal autotransplantation versus bypass techniques for renovascular hypertension (Dubernard et al), 529
Umbilical vein bypass in patients with severe lower limb ischemia: Report of 121 consecutive cases (Andersen, Nielsen, Hansen), 294

C

C5a
Complement activation and clearance in acute illness and injury: Evidence for C5a as cell-directed mediator of adult respiratory distress syndrome in man (Solomkin et al), 668
Cancer
Analysis of surgical treatment for carcinoma situated in cervical esophagus (Kakegawa, Yamana, Ando), 150
Distribution of arterial blood flow in human hepatic cancer during chemotherapy—Examination by short-lived ^{81m}Kr (Sasaki et al), 409
Glycerol dynamics in weight-losing cancer patients (Edén et al), 176
Intraoperative hepatic ultrasonography—Indispensable procedure in resection of small hepatocellular carcinomas (Sheu et al), 97
Perioperative blood transfusion has prognostic significance for breast cancer (Tartter et al), 225
Potentiation of 1,2-dimethylhydrazine-induced anal carcinoma by epidermal growth factor in mice (Kingsnorth et al), 696
Rate of progression in breast cancer and disease-free interval (Charlson), 397
Results of aggressive surgical approach to gastric carcinoma during twenty-three-year period (Scott, Adkins, Sawyers), 55
Surgical treatment of pancreatic carcinoma (Trede), 28
Treatment of proximal biliary tract carcinoma: Overview of techniques and results (Ottow, August, Sugarbaker), 251
Use of parenteral nutrition in patient with cancer (letter) (Daly and Copeland), 756; Reply (Fischer), 757
Cannulation
Percutaneous inferior vena cava cannulation for long-term parenteral nutrition (Kenney, Dorfman, Denny), 602
Catheter
Catheter sepsis: Clue is hub (Sitges-Serra, Linares, Garau), 355
Prevention of catheter sepsis by antibiotic bonding (Trooskin et al), 547
Tenckhoff catheter administration of intraperitoneal fluid and electrolytes for long-term management of intractable ileostomy diarrhea: Case report (August and Sugarbaker), 237
Use of azygous vein for central catheter insertion (Pokorny, McGill, Harberg), 362
Cell
Complement activation and clearance in acute illness and injury: Evidence for C5a as cell-directed mediator of adult respiratory distress syndrome in man (Solomkin et al), 668
Role of luminal pH in production of gastrin cell hyperplasia in rat (Mulholland et al), 308
Chemotherapy
Distribution of arterial blood flow in human hepatic cancer during chemotherapy—Examination by short-lived ^{81m}Kr (Sasaki et al), 409
Children
Surgical management of gastroesophageal reflux syndrome in childhood (Fonkalsrud, Ament, Berquist), 42
Ventricular sepsis and abdominally related complications in children with cerebrospinal fluid shunts (Rush et al), 420
Cholangitis
Acute cholangitis caused by ruptured hydatid cyst (letter) (Moreno and Lopez), 249
Anatomy of choledochopancreatic duct junction in primary sclerosing cholangitis (Muller et al), 21
Cholecystokinin
Influence of different anesthetic agents on release of cholecystokinin in dogs (Lilja et al), 415
Choledochocholedochostomy
Choledochocholedochostomy, relatively safe procedure in orthotopic liver transplantation (Krom et al), 552
Choledochoduodenostomy
Endoscopic treatment of stomal stenosis after choledochoduodenostomy: Preliminary report (Blair, Leung, Cotton), 487
Cimetidine
Randomized, prospective trial of cimetidine and ranitidine for control of intragastric pH in critically ill (More et al), 215
Cirrhosis
Ruptured mesenteric varices in hepatic cirrhosis: A rare cause of intraperitoneal hemorrhage (Jhung and Micolonghi), 377
Clerkship
Oral examinations: Acute and perceived contributions to surgery clerkship performance (Zelenock et al), 737
Quality of surgical clerkships (Holden), 731

Coarctation
Aortopulmonary fistula in postcoarctation mycotic aneurysm (DaValle, Krieger, Spencer), 93
Is paraplegia after repair of coarctation of aorta due principally to distal hypotension during aortic cross-clamping? (Krieger and Spencer), 2
Cocaine
Intestinal ischemia caused by cocaine ingestion: Report of two cases (Nalbandian et al), 347
Colon
Extensive colonic necrosis complicating acute pancreatitis (Kukora), 209
Healing of ischemic colonic anastomoses in rat: Role of antibiotic preparation (Cohen et al), 443
Should antimicrobial prophylaxis in colorectal surgery include agents effective against both anaerobic and aerobic microorganisms? Double-blind, multicenter study (Norwegian Study Group for Colorectal Surgery), 402
Computed tomography
Evaluation of mesoatrial shunt patency with computed tomography (Fishman, Siegelman, Cameron), 60
Cross-clamping
Is paraplegia after repair of coarctation of aorta due principally to distal hypotension during aortic cross-clamping? (Krieger and Spencer), 2
Cushing's disease
Survival and causes of death after adrenalectomy for Cushing's disease (Welbourn), 16
Cyclosporine
Clinical and experimental studies with cyclosporine in renal transplantation (Kahan et al), 125
Growth and function of transplanted fetal rat intestine: Effect of cyclosporine (Schwartz, Flye, Storozuk), 481
Segmental pancreatic allograft survival in baboons treated with combined irradiation and cyclosporine: Preliminary report (du Toit et al), 447
Cyst
Acute cholangitis caused by ruptured hydatid cyst (letter) (Moreno and Lopez), 249
Cytomegalovirus
Unexpectedly high incidence of cytomegalovirus infection in apparent peptic ulcers in renal transplant recipients (Cohen et al), 606
Cytosol
Effects of regenerating liver cytosol on drug-induced hepatic failure (Ohkawa et al), 455

D

Dehiscence
Mechanical factors in abdominal wound closure: Prevention of fascial dehiscence (Poole), 631
Diarrhea
Tenckhoff catheter administration of intraperitoneal fluid and electrolytes for long-term management of intractable ileostomy diarrhea: Case report (August and Sugarbaker), 237
1,2-Dimethylhydrazine
Potentiation of 1,2-dimethylhydrazine-induced anal carcinoma by epidermal growth factor in mice (Kingsnorth et al), 696
Drainage
Preoperative percutaneous transhepatic internal drainage in obstructive jaundice: Randomized, controlled trial examining renal function (Smith et al), 641
Duodenum
Duodenum-preserving resection of head of pancreas in patients with severe chronic pancreatitis (Beger et al), 467
Dye
Serial fluorometric documentation of fluorescein dye delivery (Silverman, Norton, Brousseau), 185

E

Educator
Presidential address: Surgical educator, an endangered species? (Gewertz), 728
EEA stapler
Treatment of bleeding esophageal varices by portoazygos disconnection and esophageal transection with button of Boerema and EEA stapler: Ten years' experience (Giordani et al), 649
Electrolyte
Tenckhoff catheter administration of intraperitoneal fluid and electrolytes for long-term management of intractable ileostomy diarrhea: Case report (August and Sugarbaker), 237
Electromyography
New method for correlating pancreatic and biliary duct pressures and sphincter of Oddi electromyography (Coelho, Moody, Senninger), 342
Endarterectomy
Iliac endarterectomy with crossover ileofemoral bypass grafting for bilateral iliac artery stenosis (Lawrence and Wiesi), 621
Oscillating loop endarterectomy for peripheral vascular reconstruction (Lerwick), 574
Endotoxin
Effect of hydroxyl radical scavenging on endotoxin-induced lung injury (Wong, Fox, Demling), 300
Energy
Energy intake can determine albumin synthesis in man after surgery (Skillman et al), 271
Ergotamine
Severe unilateral ischemia of lower extremity caused by ergotamine: Treatment with nifedipine (Dagher et al), 369
Esophagitis
Taurodeoxycholate modulates effects of pepsin and trypsin in experimental esophagitis (Lillemoe, Johnson, Harmon), 662
Esophagus
Analysis of surgical treatment for carcinoma situated in cervical esophagus (Kakegawa, Yamana, Ando), 150
Injection sclerotherapy for esophageal varices caused by schistosomal hepatic fibrosis (Bessa and Helmy), 164
Treatment of bleeding esophageal varices by portoazygos disconnection and esophageal transection with button of Boerema and EEA stapler: Ten years' experience (Giordani et al), 649
Examination
Oral examinations: Actual and perceived contributions to surgery clerkship performance (Zelenock et al), 737

F

Fibrin glue
Preparation of fibrin glue from single-donor fresh-frozen plasma (Dresdale et al), 750
Fibrosis
Injection sclerotherapy for esophageal varices caused by schistosomal hepatic fibrosis (Bessa and Helmy), 164
Fistula
Aortopulmonary fistula in a postcoarctation mycotic aneurysm (DaValle, Krieger, Spencer), 93
Fluid
Tenckhoff catheter administration of intraperitoneal fluid and electrolytes for long-term management of intractable ileostomy diarrhea: Case report (August and Sugarbaker), 237
Fluorescein dye
Serial fluorometric documentation of fluorescein dye delivery (Silverman, Norton, Brousseau), 185

G

Gallstones
Ultrasonic fragmentation of gallstones in vitro (Gadacz), 511
Gangrene
Venous gangrene associated with heparin-induced thrombocytopenia (Battey and Salam), 618
Gastrin
Role of luminal pH in production of gastrin cell hyperplasia in rat (Mulholland et al), 308
Gastrinoma
Gastrinoma: Factors influencing prognosis (Zollinger), 49
Gastroesophageal reflux syndrome
Surgical management of gastroesophageal reflux syndrome in childhood (Fonkalsrud, Ament, Berquist), 42

Gastrointestinal tract
Distribution of neurotensin in canine gastrointestinal tract (Doyle et al), 337
Gastroplasty
Laboratory evaluation of four techniques of stapled gastroplasty (Brolin), 66
Glucose
Assessment of alanine, urea, and glucose interrelationships in normal subjects and in patients with sepsis with stable isotopic tracers (Shaw, Klein, Wolfe), 557
Glycerol
Glycerol dynamics in weight-losing cancer patients (Edén et al), 176
Hypoglycemia with glycerol infusion as antineoplastic therapy: Hypothesis (Burt et al), 231
Glycogen storage disease
Hemorrhage into hepatic adenoma and type Ia glycogen storage disease: Case report and review of literature (Fink, Appleman, Thompson), 117
Graft
Iliac endarterectomy with crossover ileofemoral bypass grafting for bilateral iliac artery stenosis (Lawrence and Wiest), 621
Iliac-origin arterial graft: Useful alternative for iliac occlusive disease (Couch et al), 83
Perigraft seromas complicating arterial grafts (Blumenberg, Gelfand, Dale), 194
Growth factor
Potentiation of 1,2-dimethylhydrazine-induced anal carcinoma by epidermal growth factor in mice (Kingsnorth et al), 696

H

Heart
Mediastinal infection after open heart surgery (Rutledge, Applebaum, Kim), 88
Myocyte transplantation for treatment of complete heart block (Sade and Fitzharris), 495
Pancreatitis after cardiac and cardiopulmonary transplantation (Aziz et al), 653
Recovery of left ventricular function after graded cardiac ischemia as predicted by myocardial P-31 nuclear magnetic resonance (Whitman et al), 428
Renal and cardiovascular response to nonhypotensive sepsis in large animal model with peritonitis (Richmond et al), 205
Hemangioma
Surgical treatment of cavernous hemangioma (Lofgren and Lofgren), 474
Hemihepatectomy
Hemihepatectomy and transfer of portal inflow tract on retained hemiliver in dog (Boerma, de Boer, Haelst), 591
Hemorrhage
Hemorrhage into hepatic adenoma and type Ia glycogen storage disease: Case report and review of literature (Fink, Appleman, Thompson), 117
Ruptured mesenteric varices in hepatic cirrhosis: Rare cause of intraperitoneal hemorrhage (Jhung and Micolonghi), 377
Heparin
Venous gangrene associated with heparin-induced thrombocytopenia (Battey and Salam), 618
Hepatectomy
Simplified method for controlled left hepatectomy (Couinaud), 358
Humerus
Tikhoff-Linberg procedure: Report of ten patients and presentation of modified technique for tumors of proximal humerus (Malawer et al), 518
Hydatid cyst
Acute cholangitis caused by ruptured hydatid cyst (letter) (Moreno and Lopez), 249
Hydroxyl radical scavenging
Effect of hydroxyl radical scavenging on endotoxin-induced lung injury (Wong, Fox, Demling), 300
Hyperparathyroidism
Primary hyperparathyroidism in pregnancy (Kristoffersson et al), 326
Hyperplasia
Role of luminal pH in production of gastrin cell hyperplasia in rat (Mulholland et al), 308
Surgical strategy in nonfamilial primary parathyroid hyperplasia: Long-term follow-up of thirty-nine cases (Bondeson et al), 569
Hypertension
Renal autotransplantation versus bypass techniques for renovascular hypertension (Dubernard et al), 529
Saccular renal artery aneurysm as cause of hypertension (Youkey et al), 498
Hypoglycemia
Hypoglycemia with glycerol infusion as antineoplastic therapy: Hypothesis (Burt et al), 231
Hypoperfusion
Bright-light amaurosis fugax: Unusual symptom of retinal hypoperfusion corrected by external carotid revascularization (Brigham et al), 363
Hypoplasia
Successful management of late-onset primary lymphatic hypoplasia (Rustgi et al), 714
Hypotension
Is paraplegia after repair of coarctation of aorta due principally to distal hypotension during aortic cross-clamping? (Krieger and Spencer), 2

I

Ileostomy
Tenckhoff catheter administration of intraperitoneal fluid and electrolytes for long-term management of intractable ileostomy diarrhea: Case report (August and Sugarbaker), 237
Iliac occlusive disease
Iliac-origin arterial graft: Useful alternative for iliac occlusive disease (Couch et al), 83
Immunosuppression
Postburn immunosuppression in animal model. III. Maintenance of normal splenic helper and suppressor lymphocyte subpopulations by immunomodulating drugs (Zapata-Sirvent and Hansbrough), 721
Infection
Mediastinal infection after open heart surgery (Rutledge, Applebaum, Kim), 88
Unexpectedly high incidence of cytomegalovirus infection in apparent peptic ulcers in renal transplant recipients (Cohen et al), 606
Insulinoma
Localization of occult insulinoma by intraoperative ultrasonography (Norton et al), 381
Intestine
Growth and function of transplanted fetal rat intestine: Effect of cyclosporine (Schwartz, Flye, Storozuk), 481
Intersecting staple lines in intestinal anastomoses (Ravitch), 8
Intestinal ischemia caused by cocaine ingestion: Report of two cases (Nalbandian et al), 347
Introduction
Introduction: Longmire symposium, 1
Irradiation
Segmental pancreatic allograft survival in baboons treated with combined irradiation and cyclosporine: Preliminary report (du Toit et al), 447
Ischemia
Beneficial effect of allopurinol in liver ischemia (Nordström, Seeman, Hasselgren), 679
Healing of ischemic colonic anastomoses in rat: Role of antibiotic preparation (Cohen et al), 443
Intestinal ischemia caused by cocaine ingestion: Report of two cases (Nalbandian et al), 347
Normalization of local blood flow regulation in ischemic forefoot after arterial reconstruction (Eickhoff), 72
Recovery of left ventricular function after graded cardiac ischemia as predicted by myocardial P-31 nuclear magnetic resonance (Whitman et al), 428
Severe unilateral ischemia of lower extremity caused by ergotamine: Treatment with nifedipine (Dagher et al), 369

Ischemia, contd.
Umbilical vein bypass in patients with severe lower limb ischemia: Report of 121 consecutive cases (Andersen, Nielsen, Hansen), 294
Isotopic tracer
Assessment of alanine, urea, and glucose interrelationships in normal subjects and in patients with sepsis with stable isotopic tracers (Shaw, Klein, Wolfe), 557

J

Jaundice
Preoperative percutaneous transhepatic internal drainage in obstructive jaundice: Randomized, controlled trial examining renal function (Smith et al), 641
Jejunum
Re: Clarification on seromuscular jejunal patch (letter) (Karmody), 630

K

Kidney
Clinical and experimental studies with cyclosporine in renal transplantation (Kahan et al), 125
Effect of somatostatin on central hemodynamics, renal blood flow, and renal function in dogs (Price, Jaffe, Zinner), 285
Preoperative percutaneous transhepatic internal drainage in obstructive jaundice: Randomized, controlled trial examining renal function (Smith et al), 641
Renal and cardiovascular response to nonhypotensive sepsis in large animal model with peritonitis (Richmond et al), 205
Renal autotransplantation versus bypass techniques for renovascular hypertension (Dubernard et al), 529
Saccular renal artery aneurysm as cause of hypertension (Youkey et al), 498
Unexpectedly high incidence of cytomegalovirus infection in apparent peptic ulcers in renal transplant recipients (Cohen et al), 606
Knowledge
Assessment of medical student fund of knowledge in surgery (Lawrence, Nelson, Cockayne), 745
Krypton
Distribution of arterial blood flow in human hepatic cancer during chemotherapy—Examination by short-lived ^{81m}Kr (Sasaki et al), 409

L

Laser
Laser-assisted microvascular anastomoses: Angiographic and anatomopathologic studies on growing microvascular anastomoses: Preliminary report (Frazier et al), 585
Leiomyomatosis peritonealis disseminata
Leiomyomatosis peritonealis disseminata (Brumback et al), 707
Liver
Beneficial effect of allopurinol in liver ischemia (Nordström, Seeman, Hasselgren), 679
Choledochocholedochostomy, relatively safe procedure in orthotopic liver transplantation (Krom et al), 552
Distribution of arterial blood flow in human hepatic cancer during chemotherapy—Examination by short-lived ^{81m}Kr (Sasaki et al), 409
Effects of regenerating liver cytosol on drug-induced hepatic failure (Ohkawa et al), 455
Hemihepatectomy and transfer of portal inflow tract on retained hemiliver in dog (Boerma, de Boer, Haelst), 591
Hemorrhage into hepatic adenoma and type Ia glycogen storage disease: Case report and review of literature (Fink, Appleman, Thompson), 117
Intraoperative hepatic ultrasonography—Indispensable procedure in resection of small hepatocellular carcinomas (Sheu et al), 97
Liver amino acids in sepsis (Roth et al), 436
Liver transection: Controlled study of four different techniques in pigs (Ottow et al), 596
Liver, contd.
Plasma amino acids in liver transplantation: Correlation with clinical outcome (Reilly et al), 263
Lung
Effect of hydroxyl radical scavenging on endotoxin-induced lung injury (Wong, Fox, Demling), 300
Lymph
Peripheral lymph flow in sheep with bacterial peritonitis: Evidence for increased peripheral microvascular permeability accompanying systemic sepsis (Avila et al), 685
Successful management of late-onset primary lymphatic hypoplasia (Rustgi et al), 714
Lymphocyte
Postburn immunosuppression in animal model. III. Maintenance of normal splenic helper and suppressor lymphocyte subpopulations by immunomodulating drugs (Zapata-Sirvent and Hansbrough), 721

M

Malformation
Vascular malformations (Trout et al), 36
Mesoatrial shunt
Evaluation of mesoatrial shunt patency with computed tomography (Fishman, Siegelman, Cameron), 60
Metronidazole
Effect of metronidazole on wound healing in rats (Borden et al), 331
Microorganism
Should antimicrobial prophylaxis in colorectal surgery include agents effective against both anaerobic and aerobic microorganisms? Double-blind, multicenter study (Norwegian Study Group for Colorectal Surgery), 402
Multiple endocrine neoplasia
Re: Clinical value of tumor doubling estimations in multiple endocrine neoplasia type II (letter) (Jackson), 758
Muscle
Isolated hindlimb perfusion in dogs: Effect of perfusion pressures on oxygen supply (p_tO_2 histogram) to skeletal muscle (Fontijne et al), 278
Myocyte
Myocyte transplantation for treatment of complete heart block (Sade and Fitzharris), 495

N

Necrosis
Extensive colonic necrosis complicating acute pancreatitis (Kukora), 290
Necrotizing enterocolitis
Hypothesis: Neonatal necrotizing enterocolitis is caused by acquisition of pathogenic organism by susceptible host infant (Bell, Shackelford, Molleston), 350
Neoplasm
Thyrotropin regulation of adenylate cyclase activity in human thyroid neoplasms (Clark and Gerend), 539
Neuroblastoma
Surgical complications of neuroblastoma resection (Azizkhan, Shaw, Chandler), 514
Neurotensin
Distribution of neurotensin in canine gastrointestinal tract (Doyle et al), 337
Nifedipine
Severe unilateral ischemia of lower extremity caused by ergotamine: Treatment with nifedipine (Dagher et al), 369
Nuclear magnetic resonance
Recovery of left ventricular function after graded cardiac ischemia as predicted by myocardial P-31 nuclear magnetic resonance (Whitman et al), 428
Nutrition
Percutaneous inferior vena cava cannulation for long-term parenteral nutrition (Kenney, Dorfman, Denny), 602
Use of parenteral nutrition in patient with cancer (letter) (Daly and Copeland), 756; Reply (Fischer), 757

O

Obesity
Effect of surgical weight reduction on sleep quality in obesity-related sleep apnea syndrome (Charuzi et al), 535

Occlusion
Total occlusion of intracervical internal carotid artery secondary to vasculitis (Welling et al), 507
Organism
Hypothesis: Neonatal necrotizing enterocolitis is caused by acquisition of pathogenic organism by susceptible host infant (Bell, Shackelford, Molleston), 350
Oscillating loop
Oscillating loop endarterectomy for peripheral vascular reconstruction (Lerwick), 574
Oxygen
Isolated hindlimb perfusion in dogs: Effect of perfusion pressures on oxygen supply (p_tO_2 histogram) to skeletal muscle (Fontijne et al), 278

P

Pancreas
Anatomy of choledochopancreatic duct junction in primary sclerosing cholangitis (Muller et al), 21
New method for correlating pancreatic and biliary duct pressures and sphincter of Oddi electromyography (Coelho, Moody, Senninger), 342
Segmental pancreatic allograft survival in baboons treated with combined irradiation and cyclosporine: Preliminary report (du Toit et al), 447
Surgical treatment of pancreatic carcinoma (Trede), 28
Pancreas divisum
Recurrent pseudocysts and pancreatitis after trauma: Complication of pancreas divisum (Cobb, Meyer, Cotton), 626
Pancreatitis
Duodenum-preserving resection of head of pancreas in patients with severe chronic pancreatitis (Beger et al), 467
Extensive colonic necrosis complicating acute pancreatitis (Kukora), 209
Pancreatitis after cardiac and cardiopulmonary transplantation (Aziz et al), 653
Recurrent pseudocysts and pancreatitis after trauma: Complication of pancreas divisum (Cobb, Meyer, Cotton), 626
Paraplegia
Is paraplegia after repair of coarctation of aorta due principally to distal hypotension during aortic cross-clamping? (Krieger and Spencer), 2
Parathyroidism
Surgical strategy in nonfamilial primary parathyroid hyperplasia: Long-term follow-up of thirty-nine cases (Bondeson et al), 569
Patch
Re: Clarification on seromuscular jejunal patch (letter) (Karmody), 630
Patency
Evaluation of mesoatrial shunt patency with computed tomography (Fishman, Siegelman, Cameron), 60
Pepsin
Taurodeoxycholate modulates effects of pepsin and tryspin in experimental esophagitis (Lillemoe, Johnson, Harmon), 662
Perfusion
Isolated hindlimb perfusion in dogs: Effect of perfusion pressures on oxygen supply (p_tO_2 histogram) to skeletal muscle (Fontijne et al), 278
Peripheral vascular reconstruction
Oscillating loop endarterectomy for peripheral vascular reconstruction (Lerwick), 574
Permeability
Peripheral lymph flow in sheep with bacterial peritonitis: Evidence for increased peripheral microvascular permeability accompanying systemic sepsis (Avila et al), 685
Peritonitis
Peripheral lymph flow in sheep with bacterial peritonitis: Evidence for increased peripheral microvascular permeability accompanying systemic sepsis (Avila et al), 685
Renal and cardiovascular response to nonhypotensive sepsis in large animal model with peritonitis (Richmond et al), 205
pH
Randomized, prospective trial of cimetidine and ranitidine for control of intragastric pH in critically ill (More et al), 215
pH, contd.
Role of luminal pH in production of gastrin cell hyperplasia in rat (Mulholland et al), 308
Photoplethysmograph transducer
In vivo calibration of photoplethysmograph transducer (letter) (Norris and Barnes), 248
Plasma
Preparation of fibrin glue from single-donor fresh-frozen plasma (Dresdale et al), 750
Polytetrafluoroethylene
Revascularization of popliteal and below-knee arteries with polytetrafluoroethylene (Christenson et al), 141
Pregnancy
Primary hyperparathyroidism in pregnancy (Kristoffersson et al), 326
Presidential address
Presidential address: Surgical educator, an endangered species? (Gewertz), 728
Prophylaxis
Should antimicrobial prophylaxis in colorectal surgery include agents effective against both anaerobic and aerobic microorganisms? Double-blind, multicenter study (Norwegian Study Group for Colorectal Surgery), 402
Prosthesis
Endoscopic removal of intragastric Angelchik antireflux prosthesis (Schultz et al), 234
Pseudocyst
Recurrent pseudocysts and pancreatitis after trauma: Complication of pancreas divisum (Cobb, Meyer, Cotton), 626

R

Ranitidine
Randomized, prospective trial of cimetidine and ranitidine for control of intragastric pH in critically ill (More et al), 215
Rectum
Should antimicrobial prophylaxis in colorectal surgery include agents effective against both anaerobic and aerobic microorganisms? Double-blind, multicenter study (Norwegian Study Group for Colorectal Surgery), 402
Retroperitoneum
Results of multimodality therapy of resectable soft-tissue sarcomas of retroperitoneum (Glenn et al), 316
Revascularization
Bright-light amaurosis fugax: Unusual symptom of retinal hypoperfusion corrected by external carotid revascularization (Brigham et al), 363
Revascularization of popliteal and below-knee arteries with polytetrafluoroethylene (Christenson et al), 141
Rupture
Rupture after nonresective treatment of abdominal aortic aneurysms (letter) (Kwaan), 249

S

Sarcoma
Results of multimodality therapy of resectable soft-tissue sarcomas of retroperitoneum (Glenn et al), 316
Schistosomal hepatic fibrosis
Injection sclerotherapy for esophageal varices caused by schistosomal hepatic fibrosis (Bessa and Helmy), 164
Sclerotherapy
Injection sclerotherapy for esophageal varices caused by schistosomal hepatic fibrosis (Bessa and Helmy), 164
Sepsis
Assessment of alanine, urea, and glucose interrelationships in normal subjects and in patients with sepsis with stable isotopic tracers (Shaw, Klein, Wolfe), 557
Catheter sepsis: Clue is hub (Sitges-Serra, Linares, Garau), 355
Effects of tuftsin on postsplenectomy sepsis (Chu et al), 701
Liver amino acids in sepsis (Roth et al), 436
Peripheral lymph flow in sheep with bacterial peritonitis: Evidence for increased peripheral microvascular permeability accompanying systemic sepsis (Avila et al), 685
Prevention of catheter sepsis by antibiotic bonding (Trooskin et al), 547

Sepsis, contd.
Renal and cardiovascular response to nonhypotensive sepsis in large animal model with peritonitis (Richmond et al), 205
Ventricular sepsis and abdominally related complications in children with cerebrospinal fluid shunts (Rush et al), 420
Seroma
Perigraft seromas complicating arterial grafts (Blumenberg, Gelfand, Dale), 194
Seromuscular jejunal patch
Re: Clarification on seromuscular jejunal patch (letter) (Karmody), 630
Shunt
Evaluation of mesoatrial shunt patency with computed tomography (Fishman, Siegelman, Cameron), 60
Ventricular sepsis and abdominally related complications in children with cerebrospinal fluid shunts (Rush et al), 420
Sleep apnea syndrome
Effect of surgical weight reduction on sleep quality in obesity-related sleep apnea syndrome (Charuzi et al), 535
Software
Exchange of information on software programs (letter) (Greenfield), 630; Reply (Ballinger and Zuidema), 630
Somatostatin
Effect of somatostatin on central hemodynamics, renal blood flow, and renal function in dogs (Price, Jaffe, Zinner), 285
Sphincter of Oddi
New method for correlating pancreatic and biliary duct pressures and sphincter of Oddi electromyography (Coelho, Moody, Senninger), 342
Spleen
Postburn immunosuppression in animal model. III. Maintenance of normal splenic helper and suppressor lymphocyte subpopulations by immunomodulating drugs (Zapata-Sirvent and Hansbrough), 721
Splenectomy
Effects of tuftsin on postsplenectomy sepsis (Chu et al), 701
Staple
Intersecting staple lines in intestinal anastomoses (Ravitch), 8
Stenosis
Endoscopic treatment of stomal stenosis after choledochoduodenostomy: Preliminary report (Blair, Leung, Cotton), 487
Iliac endarterectomy with crossover ileofemoral bypass grafting for bilateral iliac artery stenosis (Lawrence and Wiest), 621
Stoma
Endoscopic treatment of stomal stenosis after choledochoduodenostomy: Preliminary report (Blair, Leung, Cotton), 487
Stomach
Results of aggressive surgical approach to gastric carcinoma during twenty-three-year period (Scott, Adkins, Sawyers), 55
Student
Assessment of medical student fund of knowledge in surgery (Lawrence, Nelson, Cockayne), 745
Synthesis
Energy intake can determine albumin synthesis in man after surgery (Skillman et al), 271

T

Taurodeoxycholate
Taurodeoxycholate modulates effects of pepsin and trypsin in experimental esophagitis (Lillemoe, Johnson, Harmon), 662
Tenckhoff catheter
Tenckhoff catheter administration of intraperitoneal fluid and electrolytes for long-term management of intractable ileostomy diarrhea: Case report (August and Sugarbaker), 237
Teratoma
Unusual thyroid tumor: Comparison to literature review of thyroid teratomas (Wolvos et al), 613
Thrombocytopenia
Venous gangrene associated with heparin-induced thrombocytopenia (Battey and Salam), 618
Thyroid
Thyrotropin regulation of adenylate cyclase activity in human thyroid neoplasms (Clark and Gerend), 539
Unusual thyroid tumor: Comparison to literature review of thyroid teratomas (Wolvos et al), 613
Thyrotropin
Thyrotropin regulation of adenylate cyclase activity in human thyroid neoplasms (Clark and Gerend), 539
Tikhoff-Linberg procedure
Tikhoff-Linberg procedure: Report of ten patients and presentation of modified technique for tumors of proximal humerus (Malawer et al), 518
Transfusion
Perioperative blood transfusion has prognostic significance for breast cancer (Tartter et al), 225
Transplantation
Choledochocholedochostomy, relatively safe procedure in orthotopic liver transplantation (Krom et al), 552
Clinical and experimental studies with cyclosporine in renal transplantation (Kahan et al), 125
Myocyte transplantation for treatment of complete heart block (Sade and Fitzharris), 495
Pancreatitis after cardiac and cardiopulmonary transplantation (Aziz et al), 653
Plasma amino acids in liver transplantation: Correlation with clinical outcome (Reilly et al), 263
Unexpectedly high incidence of cytomegalovirus infection in apparent peptic ulcers in renal transplant recipients (Cohen et al), 606
Trauma
Recurrent pseudocysts and pancreatitis after trauma: Complication of pancreas divisum (Cobb, Meyer, Cotton), 626
Trypsin
Taurodeoxycholate modulates effects of pepsin and trypsin in experimental esophagitis (Lillemoe, Johnson, Harmon), 662
Tuftsin
Effects of tuftsin on postsplenectomy sepsis (Chu et al), 701
Tumor
Re: Clinical value of tumor doubling estimations in multiple endocrine neoplasia type II (letter) (Jackson), 758
Tikhoff-Linberg procedure: Report of ten patients and presentation of modified technique for tumors of proximal humerus (Malawer et al), 518
Unusual thyroid tumor: Comparison to literature review of thyroid teratomas (Wolvos et al), 613

U

Ulcer
Unexpectedly high incidence of cytomegalovirus infection in apparent peptic ulcers in renal transplant recipients (Cohen et al), 606
Ultrasonography
Intraoperative hepatic ultrasonography—Indispensable procedure in resection of small hepatocellular carcinomas (Sheu et al), 97
Localization of occult insulinoma by intraoperative ultrasonography (Norton et al), 381
Ultrasonic fragmentation of gallstones in vitro (Gadacz), 511
Urea
Assessment of alanine, urea, and glucose interrelationships in normal subjects and in patients with sepsis with stable isotropic tracers (Shaw, Klein, Wolfe), 557

V

Varices
Injection sclerotherapy for esophageal varices caused by schistosomal hepatic fibrosis (Bessa and Helmy), 164
Ruptured mesenteric varices in hepatic cirrhosis: Rare cause of intraperitoneal hemorrhage (Jhung and Micolonghi), 377
Treatment of bleeding esophageal varices by portoazygos disconnection and esophageal transection with button of Boerema and EEA stapler: Ten years' experience (Giordani et al), 649
Vascular malformation
Vascular malformations (Trout et al), 36
Vasculitis
Surgical aspects of systemic necrotizing vasculitis (McCauley, Johnston, Fauci), 104
Total occlusion of intracervical internal carotid artery secondary to vasculitis (Welling et al), 507

Vein
Umbilical vein bypass in patients with severe lower limb ischemia: Report of 121 consecutive cases (Andersen, Nielsen, Hansen), 294
Use of azygous vein for central catheter insertion (Pokorny, McGill, Harberg), 362
Vena cava
Percutaneous inferior vena cava cannulation for long-term parenteral nutrition (Kenney, Dorfman, Denny), 602
Venous pressure
New method of noninvasive estimation of ambulatory venous pressure (letter) (Fischer and Wuppermann), 247
Vitamin E
Vitamin E and benign breast "disease": Double-blind, randomized clinical trial (Ernster et al), 490

W

Wound
Effect of metronidazole on wound healing in rats (Borden et al), 331
Mechanical factors in abdominal wound closure: Prevention of fascial dehiscence (Poole), 631
